#### **17. Course Coordinator: Dr. Bashar Al-Shboul**

Office 305  
 Officehours: M/W 12:30 – 2:00  
 Office phonenumber: 22640  
 E-mail: b.shboul@ju.edu.jo

#### **18. Other instructors: Dr. Hossam Faris**

Office 307  
 Officehours: M/W 11:00 – 12:30  
 Office phonenumber: 22634  
 E-mail: hossam.faris@ju.edu.jo

#### **19. Course Description:**

This course aims to provide students with fundamental knowledge on decision support systems for managers and IS developers. This course explores topics in computer-based Decision Support Systems with a practical focus on the application of information technology to the solution of management problems. Topics include Management Support Systems, decision making systems, Data mining for business and intelligent system.

**20. Course aims and outcomes:**

A- Aims:

This course aims to provide students with fundamental knowledge on decision support systems for managers and IS developers. This course explores topics in computer-based Decision Support Systems with a practical focus on the application of information technology to the solution of management problems. Topics include Management Support Systems, decision making systems, Data mining for business and intelligent system.

**B- Intended Learning Outcomes (ILOs):** Upon successful completion of this course students will be able to...

- 1) Provide students with the main concepts of Decision Support System (DSS) and management sciences
- 2) Study the components of DSS and the main players who participate in the decision process.
- 3) Study different types of modeling and analysis.
- 4) Explain key areas contributing to DSS such as knowledge acquisition, expert system and knowledge base systems
- 5) Study group decision support and groupware technologies within organizations

**21. Topic Outline and Schedule:**

1.

| Topic                                       | Week      | Instructor | Achieved ILOs | Evaluation Methods       | Reference |
|---|-----------|------------|---------------|--------------------------|-----------|
| 2. Introduction to Decision support systems | 3. 1-4    | 4.         | 5. 1,2,4,5    | 6. Exam & Lab Worksheet  | 7.        |
| 8. Modeling, Analysis and Applications      | 9. 6-10   | 10.        | 11. 1, 3      | 12. Exam & Lab Worksheet | 13.       |
| 14. Data mining in Business                 | 15. 11-15 | 16.        | 17. 1,3,4     | 18. Exam & Lab Worksheet | 19.       |

20.

**22. Teaching Methods and Assignments:**

Development of ILOs is promoted through the following teaching and learning methods:

21. provided worksheets & manuals for the tools and concepts taught in the class

**23. Evaluation Methods and Course Requirements:**

Opportunities to demonstrate achievement of the ILOs are provided through the following assessment methods and requirements:

22. Midterm and Final Exams
23. Individual assessment through a set of provided worksheets

**24. Course Policies:**

A- Attendance policies:

Maximum allowable absence 15% of number of lectures per semester ( including sick leaves)

B- Absences from exams and handing in assignments on time:

Every student is expected to completely adhere to the exams dates and projects strict deadlines, absolutely no exceptions will be given

C- Health and safety procedures:

D- Honesty policy regarding cheating, plagiarism, misbehavior:

Every student is expected to work on his own assignments & projects on his own, any detected plagiarized sections/parts will cause the student to fail the course immediately, and his case will be reported to the department chair to take an academic action.

E- Grading policy:

| Weight | Criteria               |
|--------|------------------------|
| 25%    | Midterm Exam (Written) |
| 25%    | Lab work               |
| 50%    | Final Exam             |

F- Available university services that support achievement in the course:

**25. Required equipment:**

**26. References:**

A- Required book (s), assigned reading and audio-visuals:  
 Turban, Sharda, and Delen, Decision Support and Business Intelligence Systems, 9/e  
 B- Recommended books, materials, and media:
